

The Time is now for our deo Community.

Part 1,

By aaliyah La'Rae Smith,

1 This is a essay about a
paragraphs Martin Luther King Jr. project.

Martin Luther King wanted a
better community. And here are
some reasons about this project.

2 Reason number 1. When it was
paragraphs Martin Luther King's time there was
a lot of homeless and people who need
help. Martin Luther King wanted to help
So I say We help the homeless
and hungry. We can help just
one step at a time.

3 Reason number 2. How do you
paragraphs think we can improve our community
in Dr. King's version. Some ideas
I have are, helping homeless, helping
Seniors, Volunteer to help the community
and anything else you can imagine.

4 Reason 3. How do you think
paragraphs our community can spread love and trust
and most of all peace. You can stop litter
and stop crims and you can trust

h other that way. And that's it
Reason 4. What are members
community. And what can you

to help your members in
your community. Some ideas are
helping neighbors, and like it said
Volunteering to help the community.
Maybe some members are your
partners maybe you could help by
doing your chores more often. What
are other members in your community
how can you help. And there are ways.

6 Reason 5: In this section the
paragraphs question is why are some people
not in our community, well what do
you think some people are not
in our community. I think because
they are homeless or other
things. And the way we stop
it or make less worse is
Sharing money, helping Volunteering
and many other things.

7 Reason 6: You know how people
paragraphs in our community work hard to
keep us safe. So we celebrate
them. And maybe sometime you
could thank them. Like your
teacher once in a while
Somebody.

The time is now for our development

Community

Part 3

8 paragraphs Reason 7: My last Reason is
 keep our community clean. Our
 community can't be beaved
 without being clean. That's
 also weakness in our community
 We can all recycle more.

9 paragraphs In conclusion those are
 reasons for my Martin Luther
 King Jr project in a essay.
